

KIRSTEN HUNTER

API EVANGELIST

SUMMARY

A passionate API evangelist with a soft spot for mashups and a crazy great developer experience. I am curious, creative, and consistently excel at developer support. As a speaker, I am dynamic, engaging and inspiring.

EXPERIENCE

API EVANGELIST

Akamai Technologies, Inc. / June 2014 - Present

As part of the Developer Relations group I am committed to the developer experience.

- Written documentation and tutorials
- Design and in-person delivery of customer bootcamps worldwide
- Development and organization of hands-on labs at yearly customer conference
- Development of multiple CLI packages
- Customer troubleshooting and assistance
- Creation of multiple client libraries

API EVANGELIST / CUSTOMER INTEGRATION ENGINEER

3Scale, LinkedIn, Netflix / 2007-2014

- Helped customers with APIs and created the API Codex
- Created client libraries at LinkedIn and worked as Developer Advocate
- Supported customers, created client libraries and performed customer integration testing at Netflix.

API ENTHUSIAST

2005-PRESENT

- Created an iPad/iPhone application using the Freebase, Amazon Product Advertising, and Netflix APIs to provide a superior movie search experience
- Created an Arduino based compass vest with el-wire for a party
- Created a chained IoT demo with a Sphero, Raspberry Pi, Philips Hue Lightbulb and Parrot Drone
- Wrote code examples for talks, and for reader learning
 - Becoming a Polyglot
 - Irresistible APIs
